KEY TERMS
==

Section A ? Cloud Service Description

The Cloud Service is Quillhub Route Optimizer Pro, a cloud-based logistics-optimization platform providing real-time route planning, fleet tracking, delivery-window management, and standard API access (the "Platform").

Section B ? Subscription Period and Renewal

Effective Date: [TO BE INSERTED UPON GO-LIVE]
Initial Subscription Period: 24 months from the Effective Date
Renewal Period: successive 12-month periods
Non-Renewal Notice Period: 90 days before the end of the then-current Subscription Period

The Agreement will automatically renew for successive Renewal Periods of 12 months each, unless either party delivers written notice of non-renewal to the other party’s Notice Address at least 90 days before the end of the then-current Subscription Period, in accordance with Section 5.1 of the Standard Terms.

"Written notice" means a notice delivered in accordance with Section 12.4 of the Standard Terms. For the avoidance of doubt, informal communications

(including but not limited to phone calls, text messages, and emails sent to addresses other than the Notice Address) do not constitute written notice for the purposes of this Agreement.

Section C ? Fees and Payment

Monthly Fee:	$18,500.00 (Eighteen Thousand Five Hundred U.S. Dollars)
Payment Process:	Invoicing. Quillhub will issue invoices on the first business day of each calendar month for that month’s Fee.
Payment Period:	30 days from invoice date.
Currency:	U.S. Dollars
Setup Fee:	$12,000.00 (Twelve Thousand U.S. Dollars), payable upon execution of this Agreement. The Setup Fee is non-refundable.

Section D ? Service Level

§3.1 Uptime Commitment. Quillhub will make the Platform available at least ninety-nine and five-tenths percent (99.5%) of the minutes in each calendar month, not counting Scheduled Maintenance (the "Vantage Uptime Target"). "Scheduled Maintenance" means maintenance that Quillhub has notified Vantage Logistics about at least 48 hours in advance via email to the Customer’s contact.

§3.2 Service Credits. If the Monthly Uptime Percentage falls below the Vantage Uptime Target in any calendar month, Quillhub will credit Vantage Logistics ten percent (10%) of the Monthly Fee for that month against Vantage Logistics’ next invoice.

§3.3 Credit Request. Vantage Logistics must request a service credit in writing within thirty (30) days after the end of the calendar month in which the Downtime occurred.

Section E ? Exclusivity

§4.1 Route Optimizer Exclusivity. During the Subscription Period, Quillhub grants Vantage Logistics the exclusive right to use the Route Optimizer platform (including all tiers: Standard, Pro, and Enterprise) within the Pacific Northwest third-party logistics sector (defined as third-party logistics companies headquartered in the states of Washington and Oregon that provide warehousing and last-mile delivery services). Quillhub will not license any tier of Route Optimizer to any other third-party logistics company headquartered in Washington or Oregon that provides warehousing and last-mile delivery services during the Subscription Period without Vantage Logistics’ prior written consent.

Section F ? Liability

General Cap Amount:	The total Fees paid or payable by Customer in the twelve (12) months immediately preceding the claim.
Unlimited Claims:	None specified.

Section G ? Governing Law

Governing Law:	State of Oregon
Chosen Courts:	Federal and state courts located in Multnomah County, Oregon

Section H ? Additional Terms

H.1 Customer Data Ownership. For the avoidance of doubt, all route data, delivery data, fleet telemetry, and optimization outputs generated through Vantage Logistics' use of the Platform ("Vantage Operations Data") are Customer Content as defined in the Standard Terms and remain the exclusive property of Vantage Logistics.

H.2 Integration Support. Quillhub will provide up to forty (40) hours of integration support at no additional charge during the first six (6) months following the Effective Date, to assist Vantage Logistics with API integration into Vantage Logistics' warehouse management system.

H.3 Non-Compete Clarification. The exclusivity in Section 4.1 applies only to the Route Optimizer product line. Quillhub may offer other products and services to any customer, including third-party logistics companies in Washington and Oregon, provided those products and services do not provide route optimization, fleet tracking, or delivery-window management functionality substantially similar to Route Optimizer.
